“I’ve got more responsibility than I could have possibly imagined.”

Najla’s perspective on opportunity

We’re hiring!
2016 Internship and graduate opportunities

BP is one of the world’s leading international oil and gas companies. With operations in more than 80 countries, we’re also a major new investor in Oman. Around 72% of our workforce is Omani professionals and we are bringing pioneering technology and experience to develop Khazzan, one of the Middle East’s largest unconventional gas resources which will deliver 40% of Oman’s daily domestic gas supply.

At BP, we’re committed to investing in the future of Omani nationals and developing a local workforce.

Join our ‘graduate development and summer internship programmes’ and you could be looking at a bright future. We are looking for talented Omani graduates and students in the following disciplines:

- Wells (mechanical, chemical, process, civil, industrial, petroleum or wells engineering degrees).
- Operations (electronic, mechatronics, chemical, process, control and automation engineering).
- Projects (engineering, environmental studies).
- Reservoir development (physics, geoscience or petroleum engineering).
- Finance (economics, accounting, finance studies).

For more information about our programmes and how to apply, visit degreenatcher.bp.com.

Applications close on 15th of March 2016.
