Student Research Forum - 2024

Students at various levels of study are involved in research activities through various programs including MOHERI funded URG and Graduation Projects or field study based assignments. Their research journey and outcomes can benefit the entry level researchers or others already engaged in some sort of research activities. To share such research work, we are organizing a forum where students can share/ present their research outcomes. With an aim to provide such forum we propose to conduct the "First Student Research Forum – 2024." Details of the event is as follows:

Event Name:	First Student Research Forum – 2024
Day and Date:	Tuesday, April 23, 2024
Timing:	10:00 – 14:00
Venue:	Multipurpose Hall, UTAS – Shinas
Theme:	Innovations, Trends, Developments and Challenges in Business

Outcome: All the papers presented will be compiled in proceedings. After a quality check it can be uploaded on the UTAS – Shinas website.

Participants: Students involved in research in various universities/ colleges in Oman can present their papers.

Awards and Certificates: Presenters will receive a certificate of presentation. Attendees will receive a certificate of participation. The Best Student Research Certificate will be given to a selected group of students.

Award Categories: Funded research category. Non-funded research category.

The Jury: A jury will be formed to judge the Best Research Paper. The jury will comprise members from different campuses of the University of Technology and Applied Sciences and industry.
