Oxy invites you to thrive with a company that can offer you tremendous growth potential, career longevity and the platform to succeed in an exciting, dynamic industry.

Omani's Technical Training Program

**Are you ready to make a difference and be rewarded for your contribution?
Take the first step towards building your future with Oxy and Apply today!!**

We are committed to provide training program to talented job seekers as a continuation to our efforts in recruiting national cadres.

Occidental Oman is offering a 6 months (subject to change as per Oxy discretion) training program followed by hiring if successfully completed. The training program will be conducted in the Company's field on a rotational basis. It shall equip trainees with the required Underpinning Knowledge(UPK) for field operations in oil & gas industry. The (UPK) classes will cover main learning blocks needed to be at an entry-level technician/operator as well as the required HES training.

Requirements:

- College Diploma in Engineering.
- Cumulative GPA of 2.5 or above, priority will be given to the highest GPA in the selection process.
- Must be a fresh graduate, job seeker or working in a non-permanent position.
- Must not held any permanent positions before.
- Must be an Omani national.
- Good in communication and interpersonal skills.
- Good analytical and problem solving skills.
- Good IT skills (Excel, MS word, Power Point).
- Good time management and team work skills.

Interested candidates are requested to apply on www.petrojobs.om. Last day for application would be **11/11/2019**.

Looking forward to receive your application!

Wish you all the best!
